petrated by the Advertisement

Colonies, the nature of which may
be guessed from the fact that the
originators of these Advertisements
DO NOT, AND DARE NOT

basely fished by the Parties Advertising the
False Phosphodyne. Copies of Original Letters,

Dr. J. COLLIS BROWNE'S
CHLORODYNE

(Ex Army Med. Staff)
IS THE ORIGINAL AND ONLY
GENUINE.

CAUTION.—Vice-Chancellor Sir W. P.
Wood stated that Dr. Collis Browne was
undoubtedly the Inventor of Chlorodyne,
that the story of the Defendant, Freeman,
being the Inventor was deliberately untrue;
which he regretted had been sworn to.
Eminent Hospital Physicians of London
stated that Dr. J. Collis Browne was the
discoverer of Chlorodyne; that they pre-
scribe it largely, and mean no other than
Dr. Browne's. See Times, July 12, 1884.
The public, therefore, are cautioned
against using any other than
Dr. J. COLLIS BROWNE'S CHLORODYNE.

REMEDIAL USES AND ACTION.

This invaluable remedy produces quiet,
refreshing sleep, relieves pain, calms the
system, restores the deranged functions,
and stimulates healthy action of the secre-
tions of the body, without creating any of
those unpleasant results attending the use
of opium. Old and young may take it at all
hours, and times when required. Thous-
ands of persons testify to its marvellous
good effects and wonderful cures, while
medical men extol its virtues most exten-
sively.

CHLORODYNE is admitted by the profes-
sion to be the most wonderful and valuable
remedy ever discovered.

CHLORODYNE is the best remedy known for
coughs, consumption, bronchitis, asthma.

CHLORODYNE effectually checks and ar-
rests those too often fatal diseases—
diphtheria, fever, croup, ague.

CHLORODYNE acts like a charm in diar-
rhoea, and is the only specific in cholera
and dysentery.

CHLORODYNE effectually cures short
attacks of epilepsy, hysteria, palpitations
and spasms.

CHLORODYNE is the only palliative in
neuralgia, rheumatism, gout, cancer, tooth-
ache, meningitis, &c.

EXTRACTS FROM MEDICAL OPINIONS.

The Right Hon. Earl Russell commu-
nicated to the College of Physicians and J. T.
Davenport that he had received information
to the effect that the only remedy of any
service in Cholera was Chlorodyne.—
See Lancet, Dec. 31, 1864.

From A. Montgomery, Esq., late Inspec-
tor of Hospitals, Bombay—"Chlorodyne
is a most valuable remedy in Neuralgia,
Asthma, and Dysentery. To it I fairly
owe my restoration to health, after eighteen
months' severe suffering, and when other
remedies had failed."

Dr. Lowe, Medical Missionary in India,
reports (December 1863) that in nearly
every case of Cholera in which Dr. J. Collis
Browne's CHLORODYNE was administered,
the patient recovered.

Extract from the General Board of
Health, London, as to its efficacy in Cholera.

"So strongly are we convinced of the
immense value of this remedy, that we
cannot too forcibly urge the necessity of
stocking it in all cases."

See leading article, Pharmaceutical Journal,
August 1, 1869, which states that Dr.
J. Collis Browne was the inventor of Chloro-
dyne; that it is always right to use his
preparation when Chlorodyne is ordered.

None genuine without the
words "Dr. J. Collis Browne" on the
Government Stamp. Over-issuing medical
testimony accompanies each bottle.

DR. BRIGHT'S
PHOSPHODYNE.

The New Curative Agent, and only Re-
liable Remedy for Indigestion, Ner-
vous and Liver Complaints, and all
Functional Derangements.

Dr. Bright's Phosphodyne is now well
known, and is acknowledged by the first
medical men in Europe, as the most
efficacious medicine hitherto discovered for
Weak and Shattered Constitution, Ner-
vous Debility, Attention or Inattention, In-
stability, Trembling of the Limbs, Indiges-
tion, Female Complaints, Flatulence, Liver
Complaints, Shortness of Breath, Dropsy,
Nausea, Pains in the Head, Pimples, Im-
purities of Blood, and all diseases caused
by a long residence in tropical climates, for
which iron, mercury, iodine of potassium, &c.
are given in various forms, often to the
destruction of the patient's health.

The beneficial effects of the Phosphodyne
are frequently shown from the first day of
its administration, by a remarkable increase
of nervous power, with a feeling of vigor
and comfort, entirely overcoming the dull
inactive disposition which many persons
experience in their actions.

DR. BRIGHT'S PHOSPHODYNE.

Is sold in cases only by all Chemists and
Faint Medicine Vendors throughout
the Globe.

CAUTION.—Beware of a WORTHLESS
Imitation advertised in a few Chinese news-
papers. Dr. Bright's (the only Genuine)
Phosphodyne is the SAFEST and MOST
RELIABLE preparation of Phosphorus, and
the only medicine of that name recom-
mended by the MEDICAL PROFESSION. Ven-
dors of that FRAUDULENT Imitation in the
United Kingdom, China or the Colonies
will be Prosecuted without further notice.

Dr. Bright's Phosphodyne maintains a
certain degree of activity in the nervous
system; it restores all debilitated
organs to their normal state and
perform their natural functions. Persons
suffering from Nervous Debility, or any of
the symptoms which this distressing disease
assumes, may rest assured of an effectual
and even speedy cure by the judicious use
of this most invaluable remedy.

THE CHINA REVIEW.

THE widely-expressed regret at the discontinuance of *Notes & Queries on China and Japan*, has induced the publishers of this journal to issue a publication similar in object and style, but slightly modified in details.

THE CHINA REVIEW, or *Notes and Queries on the Far East*, is issued at intervals of two months, each number containing about 60 octavo pages, occasionally illustrated with lithographs, photographs, woodcuts, &c., should the papers published demand, and the circulation justify, such extra matter.

The subscription is fixed at \$6.50 postage paid, per annum, payable by non-residents in Hongkong half-yearly in advance.

The publication includes papers original and selected upon the Arts and Sciences, Ethnology, Folklore, Geography, History, Literature, Mythology, Manners and Customs, Natural History, Religion, &c., &c., of China, Japan, Mongolia, Tibet, the Eastern Archipelago and the "Far East" generally. A more detailed list of subjects upon which contributions are especially invited is incorporated with each number. Original contributions in Chinese, Latin, French, German, Spanish, Italian or Portuguese, are admissible. Endeavours are made to present a resume in each number of the contents of the most recent works bearing on Chinese matters. Great attention is also paid to the Review department.

Notes and Replies are classified together as "Notes" (head references being given, when furnished, to previous Notes or Queries), as are also those queries which though asking for information, furnish new or unpublished details concerning the matter in hand. It is desirable to make the Queries proper brief and as much to the point as possible.

The *China Review* for July and August, 1879, is at hand. It says that forty-two essays were sent in to compete for the best paper on the advantages of Christianity for the development of the State. All our learned societies should subscribe to this scholarly and enterprising Review. It is a sixty-page, bi-monthly, repository of what scholars are ascertaining about China. The lecture on Chinese Poetry in this volume is alone worth the price of the Review. Address: *China Review*, Hongkong.—*Northern Christian Advocate* (U.S.).

Trübner's Oriental Record contains the following notice of the *China Review*:—"This is the title of a publication, the object of which has lately reached us from Hongkong, where it has been set on foot as in some respects a continuation of *Notes and Queries on China and Japan*, the extinction of which we regretted a year or two ago as being much regretted in Europe as well as in China. The publication, judging by the number now before us, is intended to occupy a position, as regards China and the neighbouring countries, somewhat similar to that which has been filled in India by the *Calcutta Review*. The great degree of attention that has been bestowed of late years upon the investigation of Chinese literature, and the progress of Chinese civilization, and the accumulation of important stores of information, rendering some such channel of publicity as is now provided extremely desirable; and contributions of much interest may fairly be looked for from the members of the foreign consular services, the Chinese Customs' corps, and the missionary body, among whom a high degree of Chinese scholarship is now assiduously cultivated, and who are severally represented in the first number of the Review by papers highly creditable to their respective authors. In a paper, Dr. Legge's *Shi King*, by the Rev. E. J. Eitel, to which the place of honour is deservedly given, an excellent summary is presented of the chronological problems and arguments involved in connection with this important work. Some translations from Chinese novels and plays are marked by both accuracy and freshness of style, and an account of the career of the Chinese poet-statesman of the eleventh century, Su Tung-p'o, by Mr. E. C. Bowra, is not only historically valuable, but is also distinguished by its literary grace. Beside notices of new books relating to China and the East, which will be a useful feature of the Review, it carried out with punctuality and detail, we are glad to notice that "Notes" and "Queries" are destined to find a place in its pages also. It is to be hoped that this opening for contributions on Chinese subjects may evoke a similar degree of literary zeal to that which was displayed during the lifetime of its predecessor in the field, and that the *China Review* may receive the support necessary to insure its continuance. The publication is intended to appear every two months, and will form a substantial octavo magazine.

THE CHINESE MAIL.

This paper is now issued every day. The subscription is fixed at *Four Dollars* per annum delivered in Hongkong, or *Seven Dollars Fifty Cents* including postage to Coast ports.

It is the first Chinese Newspaper ever issued under purely native direction. The chief support of the paper is of course derived from the native community, amongst whom also are to be found the guarantors and securities necessary to place it on a business and logical footing.

The projectors, basing their estimates upon the most reliable information from the various Ports in China and Japan, from Australia, California, Singapore, Penang, Saigon, and other places frequented by the Chinese, consider themselves justified in guaranteeing an ultimate circulation of between 3,000 and 4,000 copies. The advantages offered to advertisers are therefore unusually great, and the foreign community generally will find it to their interest to avail themselves of them.

The field open to a paper of this description—conducted by native efforts, but progressive and anti-obstructive in tone—in almost limitless. It on the one hand commands Chinese belief and interest while on the other it deserves every aid that can be given to it by foreigners. Like English journals it contains Editorials with Local, Shipping, and Commercial News and Advertisements.

Subscription orders for either of the above may be sent to
